

# AURAXIO

## DOCUMENTATION

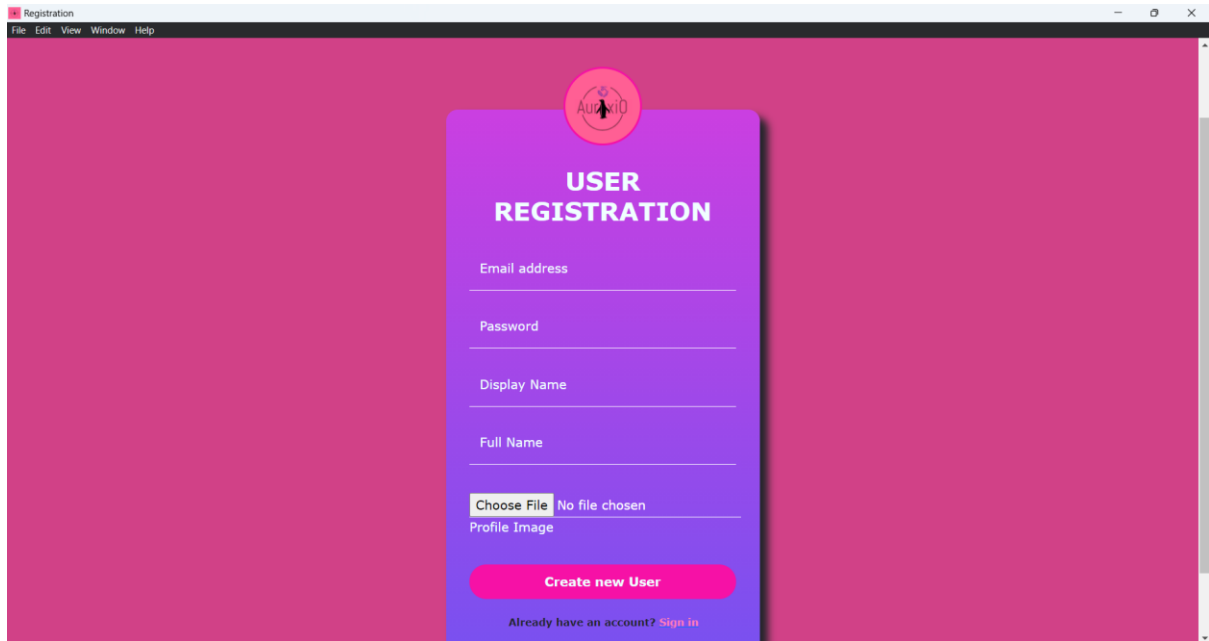

Thank you for downloading Auraxio.

Auraxio is a chatting application with encrypted personal and group chats.

In the following document , steps to create an account and use the app is explained briefly.

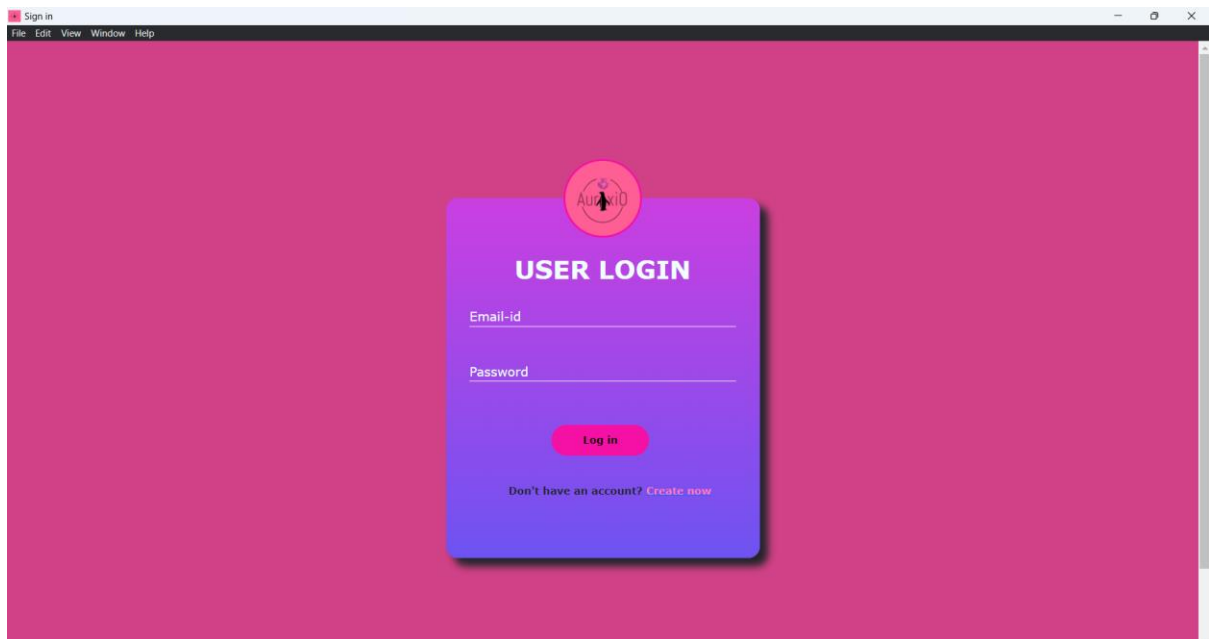

In the index page , click on LOG IN if you have an account already or click on SIGN UP if you are a new user.

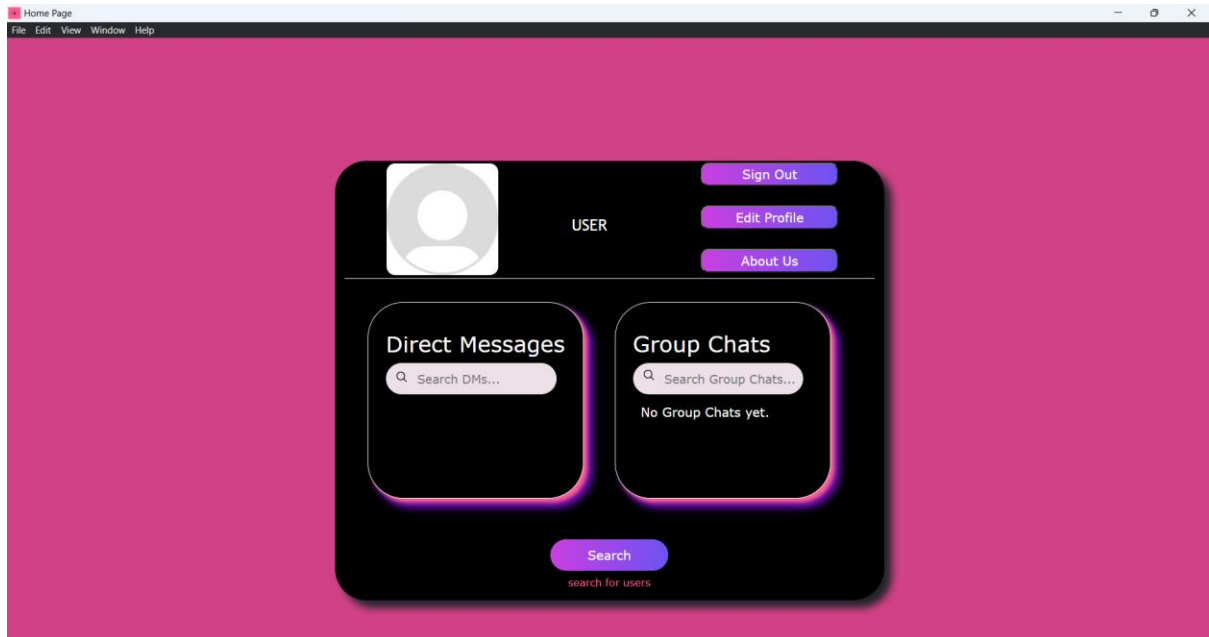

The screenshot shows a web browser window titled "Registration". The page has a solid magenta background. In the center is a purple-to-blue gradient card with a rounded top. At the top of the card is a circular logo with a stylized 'A' and the word "Auxilio". Below the logo, the text "USER REGISTRATION" is displayed in white, bold, uppercase letters. The form contains the following fields: "Email address", "Password", "Display Name", and "Full Name", each with a white input line. Below these is a file upload section with a "Choose File" button, the text "No file chosen", and a "Profile Image" label. At the bottom of the card is a magenta button with the text "Create new User". Below the card, the text "Already have an account? [Sign in](#)" is visible in white.

If you are a new user , register yourself using your email address and upload a profile picture for the other users to identify you easily.

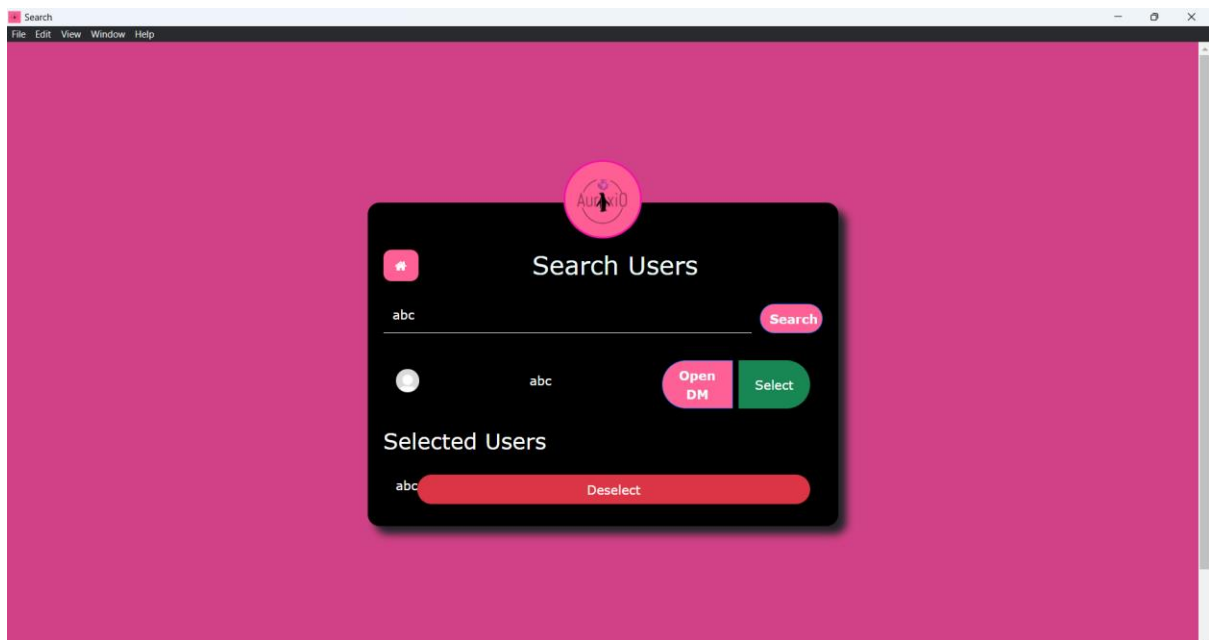

The screenshot shows a web browser window titled "Sign in". The page has a solid magenta background. In the center is a purple-to-blue gradient card with a rounded top, featuring the same "Auxilio" logo as the registration page. Below the logo, the text "USER LOGIN" is displayed in white, bold, uppercase letters. The form contains two fields: "Email-id" and "Password", each with a white input line. Below these fields is a magenta button with the text "Log in". At the bottom of the card, the text "Don't have an account? [Create now](#)" is visible in white.

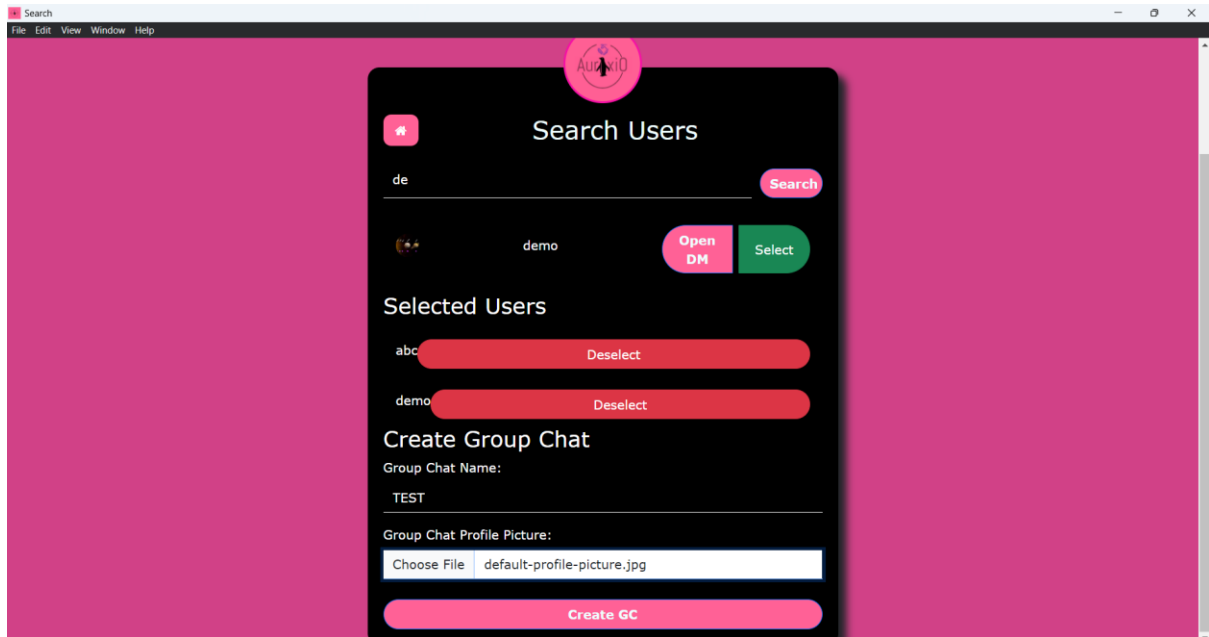

If you have an account log in using the credentials.

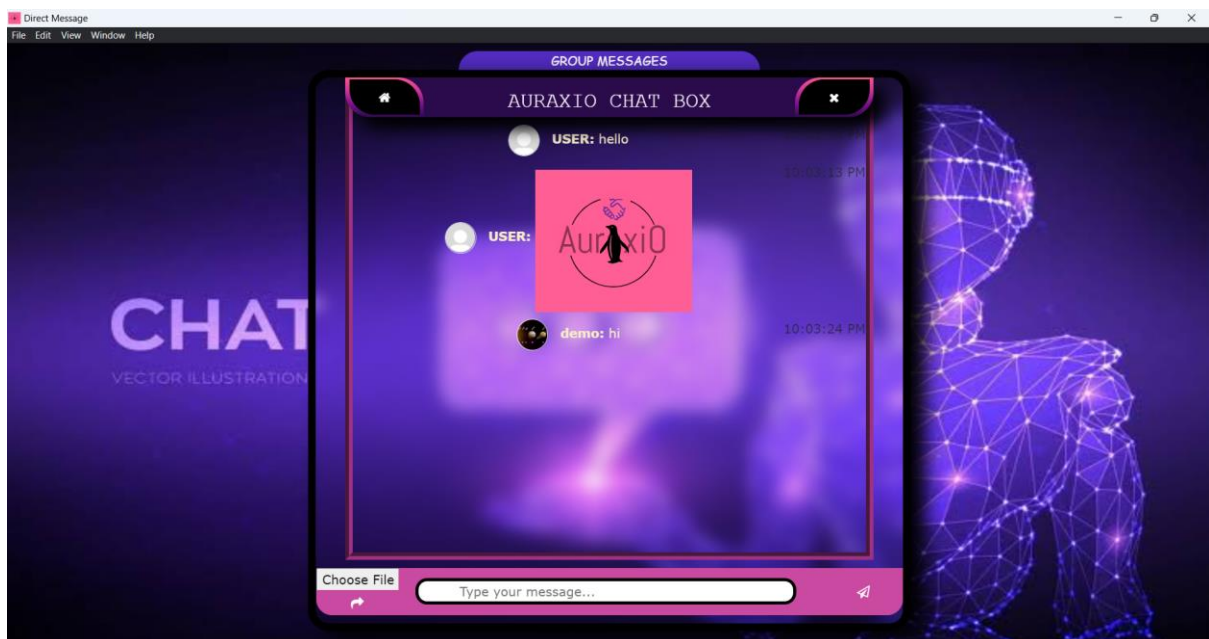

Once you have logged in successfully , you will be directed to the Home page.  
In the home page , you have the functionalities to create new chats using search option , edit your profile or view the about use page.

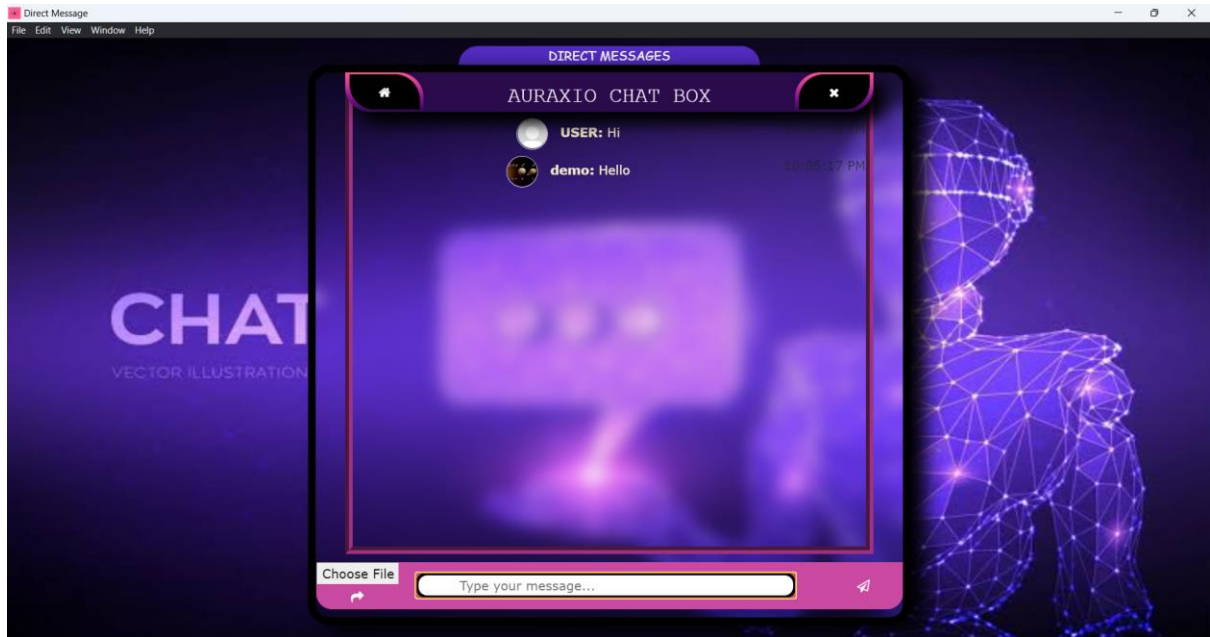

By searching a user , you can either add them in a group chat or personally message them.

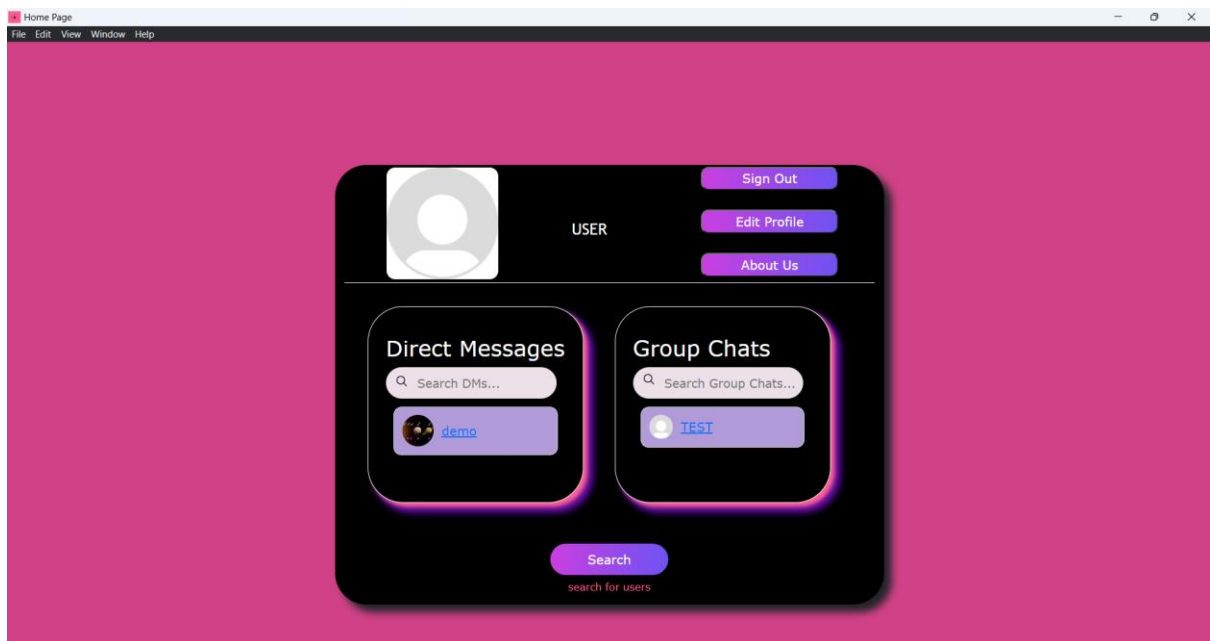

After selecting 2 or more users , you can create a group chat.

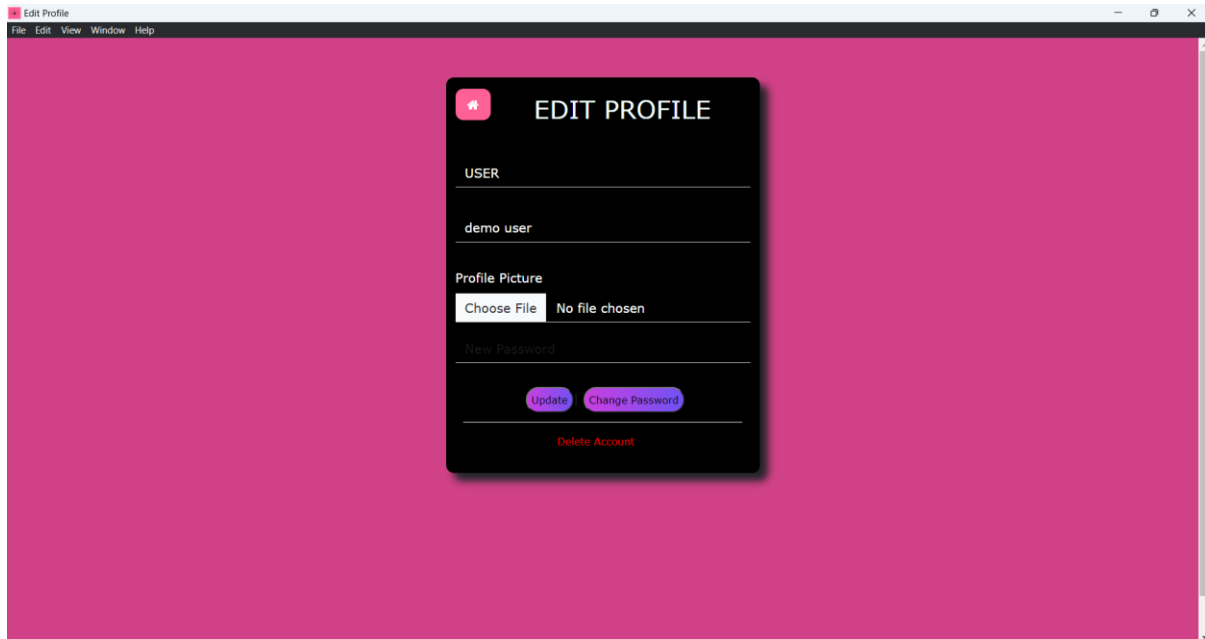

Users can send images as well as text messages to communicate with each other.

Or you can message users directly using the DM option.

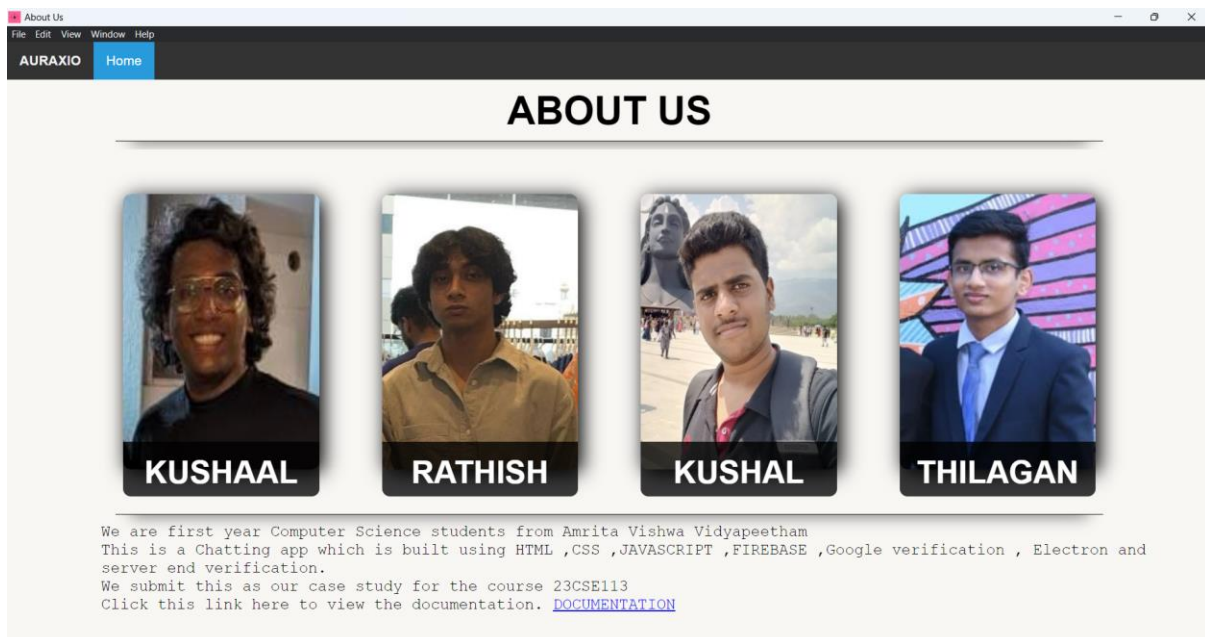

The home page will contain all the chats(both group chats and personal chats).

Users can edit their profile , update their password or change their profile picture in the Edit – profile page which can be accessed from the home page.

Users can also delete their account in the same page.

Developers of this application.

Users can sign out from the application to stay secure once they are done communicating through AURAXIO.

Enjoy using AURAXIO , the chatting application.
